SUMMARY

Computer Science undergraduate with knowledge of **HTML, CSS, Bootstrap, JavaScript, Python, and Django**, with hands-on experience building web applications through academic and personal projects. Interested in **Full Stack Development**, problem-solving, and learning new technologies. Seeking an entry-level software development opportunity to apply my skills and grow professionally.

PROJECTS

File Tracking Management System 2026

Tech Stack: *Python, Django, HTML5, CSS3, Bootstrap 5*

- Built a web-based system to digitally manage and track the movement of official files between employees and departments.
- Developed Admin functionality to manage departments, employees, and files.
- Implemented Employee features to upload, receive, and forward files, and to view file status and history.
- Designed file tracking and history logging as the core feature, capturing who created, received, forwarded, or processed each file.
- Used Django ORM for data storage/retrieval, Django sessions for login management, FileField for file uploads, and Django email to send login credentials to employees.

Online Admission System 2026

Tech Stack: *Python, Django, HTML5, CSS3, Bootstrap 5*

- Developed a full-stack web application to digitize the student admission process, with separate Admin and Student portals.
- Built Admin features to manage sessions and courses, register students, verify applications, and track pending/paid fees.
- Implemented Student features for account creation, login, application form submission, document upload, course selection, and fee payment.
- Used Django ORM for database operations, Django sessions for login management, and FileField for handling document uploads.
- Integrated Django email for sending registration details and the PayU payment gateway for online fee payment.
- Designed the complete workflow: Student Registration → Login → Application Form → Document Upload → Admin Verification → Fee Payment → Course Enrollment.

TECHNICAL SKILLS

Languages: Python, JavaScript (ES6+, DOM Manipulation, Event Handling, Fetch API), HTML5 (Semantic Elements, Forms, Accessibility), CSS3 (Flexbox, Grid, Responsive Design, Animations),Java(basic)

Frameworks: Django, Bootstrap 5 (Grid System, Components, Responsive Layouts),React(basic)

Tools: Git, GitHub

Other Skills: Risk management, Leadership quality, Project management, Analytical skills

ACHIEVEMENT

Softpro India Computer Technologies (P) Ltd.
Best Performance Award — Summer Internship 2026
Presented to Ayush Pandey of M.I.E.T., Greater Noida for outstanding performance during the Summer Internship 2026.

Selected as Campus Ambassador – E-Cell, IIT Bombay (2026)
Representing IIT Bombay to promote entrepreneurship, lead campus engagement activities, and strengthen leadership and networking skills.

GeeksforGeeks Campus Mantri (2026)
Representing GeeksforGeeks on campus, promoting technical learning, and organizing coding-related activities.

CERTIFICATES

CSS (Basic) Certification – HackerRank JavaScript (Basic) Certification – HackerRank

EDUCATION

B.Tech, Computer Science and Engineering (CGPA: 7.86) 08/2023 – 07/2027
Dr. APJ Abdul Kalam Technical University, Lucknow

Intermediate (Science) (CGPA: 7.05) 03/2021 – 04/2023
AS College, Deoghar
